

# What is a ChainMeet Bucket

Simply a gathering at a local spot, bringing people together in the same room, but the difference is: it's facilitating multiple one-on-one ChainMeets at the same time!

- Secure a local spot: like a favorite restaurant, a meeting room, or a community center.
- Arrange seating for pairs.
- Determine your purpose: Simply social, share stories, topical discussion, or idea collaboration.
- Invite "Group" Participants. They may bring a friend.
- Provide drinks/snacks; can be flexible.
- Pair up one-on-one: with friend, or draw names in pairs.
- Explain purpose of event, to always include positive uplifting and encouragement.
- Customize as needed.
